Ultimate Deer Data – Registration Procedure

To enrol with Ultimate Deer Data, please follow the steps detailed in this guide. You should have address, email and credit/debit card details ready as you will be asked to enter these as part of the registration procedure.

Go to – www.britishdeertraining.org.uk

You will have a page appear similar to that shown below:

British Deer Society You are not logged in. (Log In)

ULTIMATE DEER DATA

“The must have training tool for all deer stalkers.”
Ray Mears

NAVIGATION

- Home
- Courses

The British Deer Society Ultimate Deer Data® provides students with a series of detailed reference material, study notes and interactive multiple choice and visual quizzes. Ultimate Deer Data® is a valuable source of study media which will allow students to develop sufficient under-pinning knowledge and skills to take DSC 1 assessments.

You will need to devise a username and password following the prescribed format which will then be used as your ongoing Log In access to the programme. On subsequent visits within your purchased time period, under 'My Courses' click 'Ultimate Deer Data' which will take you to the programme content page.

Select a subject from the available quizzes on the Contents Page and commence your ultimate DSC 1 preparation, learning and self assessment experience. All the questions in the interactive quizzes are drawn from the current DMQ question banks and are randomly selected in sets of 10 questions for General knowledge and in sets of 20 questions for Large Game Meat knowledge and Deer Recognition.

Many of the questions will change every time you repeat each quiz. Your score will be given on completion of each quiz allowing you to note your DSC 1 knowledge and learning development. Continual use of the quizzes will help ensure students are fully prepared for DSC 1 assessment.

	Cost	Click to select
Ultimate Deer Data 30 days access to the Ultimate Deer Data course, including quizzes and documentation.	£20.00	<input type="checkbox"/>
